MENU

There's nothing more appealing than an eye-catching and mouth-watering seafood plate to make your Lucky Fish experience one to come back for more. Our seafood menu is the talk of the town. Why? Because the top fresh and local fish and seafood are brought in daily from the sea and chosen for their unique quality and taste in the UAE. By so, we are providing the tastiest culinary experience that complements the whole Lucky Fish feel. Lucky Fish's menu offers a great gastronomical journey for your special occasions. Our unique characteristic is the "Lucky Catch of the Day", which is a fish selection caught daily in the sea and served with vegetables. The waiter will provide the daily options.

VENUE

Referring to the coastal aesthetic of Monaco, Lucky Fish envisioned and created a rustic and luxurious design for its terrace that includes high-quality wood finishing, the expensive fabric of flowing curtains, all in a color palette of whites, and soft blue pastel that merge into the colorful beach scene and views. The captivating white furniture and golden French-style chandeliers add to the charm of the venue and some pop of green and floral elements recreate that European romantic feel.

BEACH

Being in Dubai means being able to be at the perfect place to soak up the sun and enjoy the perfect sunset. Lucky Fish's strategic location overlooks the turquoise waters, Dubai Eye "Ain Dubai", and the JBR skyline. The Beach has five luxurious cabanas with king-sized sun loungers and single ones, large sofas, dining tables, and ceiling fans. Rustic straw shades cover the space, create a warm atmosphere and carry you from the urban area to our relaxing beach ambiance. Enjoy the vibrant and chill lounge music of our resident DJs be it during the day or at sunset and night, and indulge in succulent bites and refreshing cocktails.
